

Colorado Luxe Grocery Delivery Service

Why use our grocery delivery concierge?

Here are just a few reasons

- Stopping at the grocery store in a car already filled with ski gear, mountain bikes and suitcases.
- Adventuring in a crowded grocery store that you're not used to. Navigating through aisles trying to find the food you need.
- Paying extra fees for a private shuttle from the airport and stopping at a store on the way.
- Paying a ride share service by the minute or mile to take you to the store and wait for you while you shop.
- Having the resort shuttle provided by the lodge that you are staying at to drop you off at the store.
- Riding on free local public transit buses from the nearest bus stop to your vacation home. (Not all of our locations have public buses available).

If you would like to arrive at your vacation home with a fully stocked refrigerator (wine and beer too!), please complete our grocery form. You may also submit your grocery request directly to info@coloradoluxeliving.com (Please note a service charge of \$50 plus 20% upcharge will be applied.)
